COMPANY STATEMENT

Our Philosophy

Build trust with transparency: we communicate with our team and Customers in a clear, timely, and open manner

Our Mission

We supply technological equipment that solves complex problems in an easy way.

Our Vision

To be the leading industrial equipment supplier in the region by providing high quality services that meet our customer requirements

Our Goals

Provide the best services and constantly develop everything we do.

Key Activities

Supply industrial equipment & material for:

- Oil & Gas
- Petrochemical
- Refinery
- Iron and Steel
- Tile & Ceramic
- Power Plant
- Food Industries
- Automotive
- Mine & Metals
- Water Treatment

***FIELD OF
ACTIVITY***

International Services

Thank to our international partners in Italy, Spain, Germany, UK, Turkey and UAE we can serve our customers all types of commercial terms based on each projects requirements.

KEY PRODUCTS & SERVICES

**Hydraulic
&
Pneumatic**

**Automation
&
Instrument**

**Special Solution
for Industries**

**Mechanical
&
Electrical**

**Consumables
&
Raw Materials**

HYDRAULIC & PNEUMATIC

PUMPS

- All types of Centrifugal Pumps
- Metering and Diaphragm Pumps
- Axial Flow Pumps
- Closed Coupled & Split Case Pumps
- Immersible & Submersible Pumps
- Gear, Screw, Peristaltic & Piston Pumps

COMPRESSOR, BLOWER & FAN

- Air & Gas Compressors
- Air Separations Unit
- Centrifugal, Rotary & Multi-Stage Blower
- Industrial Fan

PNEUMATIC SYSTEM

- Pneumatic Cylinders
- Air Preparation Units
- Control Panels & Cabinets

VALVES

- Butterfly, Globe, Ball, Gate Valves & ...
- Control Valves
- Solenoid & Proportional Valves
- Regulating & Pressure Valves
- Safety & Check Valves
- Piston, Plug, Slide & Y-Type Valve
- Fire Protection Valves
- Corrosion Resistant Valves

MIXER & AGITATOR

CYLINDERS & ACTUATORS

PIPES, TUBES, JOINTS & ACCESSORIES

FILTER, SEPERATOR, DRYER

GEARBOXES & COUPLING

- All types of Industrial Gearboxes
- Gear Motors
- All types of Industrial Coupling
- Joining Component

MOTORS

- Low/Medium/High Voltage AC Motors
- Low/Medium/High Voltage DC Motors
- Explosion Proof / Flameproof Motors
- Special Designed Motors

MACHINERY & SPARE PARTS

- Industrial Cranes
- Production Line Machines and Equipment
- Power Engines & Spare Parts

ELECTRICAL CABLES

- Power & Control Cables
- Robotic, Instrument & Special Design Cables

ELECTRICAL EQUIPMENT

- Power Transmission Equipment
- Switches, Controllers, Circuit Breakers & ...
- Drives, UPS & Industrial Batteries

MATERIAL HANDLING

- Conveying systems
- Dust Filtration Technology
- Bulk Solid Handling Equipment

ROBOTICS EQUIPMENT

- Automotive Robots
- Production Line Robots
- Spare Parts

PROCESS ANALYTICS

- Gas Analyzers
- Liquid & Powder Analyzers
- Gas Chromatograph
- Industrial Laboratory Analyzer (XRF, ICP, ...)
- Sample Preparing Devices

CONTROL & SAFETY

- PLC, HMI, Inverter & Accessories
- Detectors
- Valve Positioners
- Burner & Ignition Control

MEASURING DEVICES

- Flow Transmitters (All Type)
- Pressure Transmitters (All Type)
- Temperature Transmitter (All Type)
- Level Transmitter (All Types)
- Density & Viscosity Measurement
- Encoders & Switches
- Proximity & Inductive Sensors
- Magnetic Linear Transmitter
- Calibrators & Test Equipment
- Gauges & Indicators
- Thermocouples & Thermowells
- Weighing Systems
- Corrosion & Erosion Monitoring
- Special Measuring Devices

CONSUMABLES & RAW MATERIALS

REFRACTORY

- Refractory Bricks
- Refractory Concretes
- Prefabricated Shapes
- Fused Cast Blocks
- Refractory Gunning Mixes
- Blanket, Castables, Insulating & Other types

MECHANICAL PARTS

- Copper Mold Tubes & Plates
- Consumable Parts for Production Lines
- Complex Alloy Steels
- Machined Parts & Special Designed
- Hard Chromium Plated Bars & Tubes

LUBRICANTS

- Industrial Oil , Grease & Dry Lubricant

CHEMICALS & ADDITIVES

- Chemical Fluids, Catalyst & Accelerators
- Refinery & Petrochemical Additives
- Anti-Coking & Anti-Corrosion Substance
- Biocide, Flocculant, Anti Scalant, Solvents, Acid
- Adhesives, Coating, Composites, Elastomers
- Color & Resin Pigments and Additives
- Lubricating & Oil Additives

SPECIAL SOLUTION FOR INDUSTRIES

IRON AND STEEL

- Ladle Thermal Imaging System
- Laser Contouring System
- Refractory Monitoring
- EAF & LF Energy Management
- Marking Machine
- Rolling Mill Stands & Shears
- Many Other Special Solution

OIL, GAS & PETROCHEMICAL

- Exploration & Drilling Equipment
- Extraction Fracturing Equipment
- Boilers & Burners for Heating, Refining, Distillation & Reaction
- Flare Gas Recovery Systems
- Mist Eliminators

TILE & CERAMIC

- Atomizers, Grinding Mills, Dry Coloring
- Pressing, Kiln & Dryer
- Grids, Dies & Molds
- Glazing & Sorting Line
- Automatic Storage & Handling System
- Sorting & Palletizing

MINING & METALS

- Feeding & Screening
- Crushing, Washing, Classifying & Reclaiming
- Dust Control Treatment & Automation System

WATER & WASTEWATER TREATMENT

- Sludge Dewatering, Thickener & Filter Press
- Wastewater Clarification, Water Purification

FUTURE PLANS

We Intend To:

- Enhance Our Knowledge & Expertise
- Expand Our Overseas Branches
- Stablish Our Production Facilities
- Enhance Our Value-Added Services
- Cooperate With New Industries, Expand Sales Network & Enhance Brand Awareness
- Grow Our Business Through Joint Ventures & Acquisitions

THANK YOU

*We look forward for mutual
cooperation*
